Medium Term planning Raven Class (Year 5) Theme 'the Mayan Civilisation' 25th February to 5th April 2019

Subject	Wk/beg 25/02	Wk/beg 04/03	Wk/beg 11/03	Wk/beg 18/03	Wk/beg 25/03	Wk/beg 01/04
Science	Consider how our knowledge of the Sun, Moon and Earth as roughly spherical objects has been attained.	Identify the planets of our solar system and consider how they move relative to the Sun.	Compare and contrast geocentric and heliocentric theories of planetary movement.	Consider how the Earth's rotation causes night and day and how the Sun appears to move.	Investigate how night and day occur at different times around the Earth and use this knowledge to make predictions.	Describe how the Moon moves relative to the Earth.
Geography	-	-	-	-	-	-
History	Investigate who the Mayans were and when and where they lived.	Investigate the religious beliefs of the Mayans	Understand the Mayan number system	Investigate various sources of information to gain a greater understanding of the Mayan Civilisation	Learn about the Mayan writing system	Investigate Mayan food and its cultural and religious significance
