

Have a look at some examples of the work of Austrian artist, Friedensreich Hundertwasser, particularly his architecture. https://kids.kiddle.co/Friedensreich_Hundertwasser

How would you paint or decorate your house if you had unlimited resources?

- What kind of patterns would you paint on your house?
- Would you add any decoration, plants or motifs?

Record some ideas, then colour them with felt tip pens. See pattern sheet for ideas.

Next, draw a copy of your own house or another example you like. Keep the outline simple and draw it A4 size. Then decorate it with bold, bright marker pen colours and patterns in a Hundertwasser style.

Send me your finished house and we can build a Hundertwasser street!
