Aims

Old Buckenham Primary School and Nursery is proud to be an inclusive school.

We are able to offer access to the full curriculum for children who have a physical disability. The aims of this Accessibility Plan are to ensure that Old Buckenham Primary School and Nursery continues to work towards increasing the accessibility of provision for all pupils, staff and visitors to the school.

The Accessibility Plan will contain relevant actions to:

- Increase access to the curriculum for pupils with a disability, expanding and making reasonable adjustments to the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the able-bodied pupils. This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.
- Improve access to the physical environment of the school, adding specialist facilities as necessary. This covers reasonable adjustments to the physical environment of the school and physical aids to access education.
- Improve and make reasonable adjustments to the delivery of written information to pupils, staff, parents and visitors with disabilities. Examples might include hand-outs, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame.

Legislation and guidance

This document meets the requirements of schedule 10 of the Equality Act 2010 and the Department for Education (DfE) guidance for schools on the Equality Act 2010.

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day-to-day activities. Under the Special Educational Needs and Disability (SEND) Code of Practice, 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils.

Accessibility Plan 2018-21

We are committed to providing an accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

An Accessibility Plan will be drawn up to cover a three year period. The plan will be updated annually. To help draw-up an accessibility plan, an audit of the accessibility of the building was carried out. This helped to identify and prioritise access issues around the physical environment. It may not be feasible to undertake some of the works during the life of this first Accessibility Plan and therefore some items will roll forward into subsequent plans. The audit will need to be revisited prior to the end of each first three-year plan period in order to inform the development of the new Plan for the following period.

The School's complaints procedure covers the Accessibility Plan.

We acknowledge that there is a need for on-going awareness raising and training for staff and governors in the matter of disability discrimination and the need to inform attitudes on this matter.
